Easy and safe to use

- Easy-to-use control switch
- Protective silicon layer
- Safe LED technology

PHILIPS

Indirect light
LIGHTSTRIPS 2M RGB multi color, LED

7010131P6

Highlights

Dimmable

Adjust the brightness by using the remote control.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.

Plug & Play: easy installation

The LightStrips are very easy to install and guarantee immediate fun thanks to the plug & play principle. Everything you need is already included in the box and explained in the Quick Start Guide.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated high quality adhesive strip on the backside.

Easy-to-use control switch

The control switch allows you to switch the LightStrips on and off. With the color change button you can also choose 1 of the available 7 colors or simply put the LightStrips on auto color changing mode.

Protective silicon layer

Enhanced protection for electrical parts against dust and moisture, even during cleaning.

Safe LED technology

The LightStrips are safe to touch and use without the risk of open electricity.

Automatic color changing mode

You can choose different automatic color changing modes and adjust the speed and brightness of the color loop. This by simply pressing the button on the remote control.

Choose your color

Choose your favorite color and change it any time you like to create a different atmosphere.
