Highlights

NanoCloud technology

NanoCloud

This Philips air humidifier offers a three-stage advanced evaporation system with NanoCloud technology. Stage 1: the absorbent filter on the humidifier catches big particles such as human/pet hair and dust when drawing in the dry air. Stage 2: the advanced evaporation system with NanoCloud technology humidifies the air by adding water molecules to the air and does not carry bacteria or scale. Stage 3: healthy air gets blown out of the humidifier at a constant speed, delivering comfortable, healthy humid air without formation of water mist in your home.

Comfortable humidity

Evenly distributes humidified air around you. Lets you breathe healthy humidified air at home and at the office providing comfort for your skin.

Healthy air protect lock

When the water tank is empty and needs to be refilled, the healthy air protect lock shuts off the humidifier and a red indicator lights up telling you that the humidifier has stopped.

Dual humidification speed

Choose between silent and standard humidification to allow maximum flexibility.

Easy-to-clean design

Cleaning humidifiers inside and out – especially the water tank – has never been easier.

Easy-to-fill water tank

2 ways of filling water tank: you can bring water in a cup and fill the tank locally after removing the tank's top cover or you can take the water tank to the closest tap in your home.

Specifications

Design specifications

- Color(s): White

Technical specifications

- Wattage: 20 W
- Humidification capacity: 140 ml/h
- Operation time: 8 hour(s)
- Water tank capacity: 1.3 L
- Noise level: 27 - 40 dB
- Voltage: 110 V

Weight and dimensions

- Product weight: 1.36 kg
- F-box weight (incl. product): 1.72 kg
- Product dimensions (W x D x H): 162 x 198 x 308 mm
- F-box dimensions (W x D x H): 355 x 225 x 225 mm

Logistic data

- Country of Origin: China
- 12 NC (Taiwan): 883 4706 81660
- EAN F box (Taiwan): 8710103698760

Replacement

- Humidification filter: Replace HU4136 every 3 months

Issue date 2016-05-19
