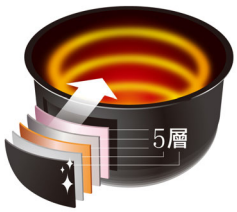
Highlights

11 food recipes

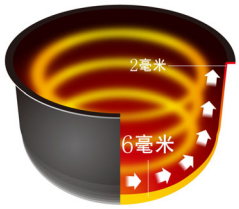
11 food recipes for a variety of foods include standard rice cook, ultra-fast rice cook, small amount rice cook, reheat, brown rice, steam, clay pot rice, congee, soup and cake

6mm thick 5-layer golden pot



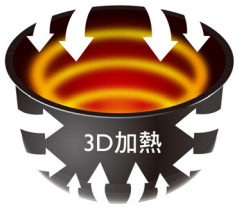
The 6mm thick base of the pot has excellent heat conduction and retention properties, effectively preventing partial burning and ensuring every grain of rice is cooked evenly

Thick-based/thin-walled design



The gradually changing thickness of the pot distributes heat evenly throughout the pot, ensuring tasty rice with a great texture from top to bottom

3D heating technology



3D heating technology with heating element from the bottom, side and top heats the pot all-around, ensuring thorough heating for full and tasty rice

Detachable inner lid and valve

Easy-to-clean detachable inner lid and steam valve

Wrap-around heating plate

Innovative wrap-around heating plate expands heat area

Energy-cohesive ring design

The base of the pot contains multi-layered energy-cohesive rings that lock heat in and effectively enhance thermal cycling
