- Stages: 0–6 months

Highlights

Soft massage cushions

The patented massage cushions of the Philips AVENT breast pump flex in and out, replicating baby's suckling action and are intended to help stimulate a fast natural let down.

Patented Let-down Massage Cushion

The five soft petal massagers of the Philips AVENT breast pump gently flex in and out as you pump and work with the vacuum to imitate your baby's suckling.

Easy to assemble and use

Quiet and portable.
