Highlights

Neodymium speaker drivers
Neodynium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and a pure balanced sound quality.

Ergonomically fitted headband
Simple yet ergonomic headband design that is fully adjustable to comfortably fit any kid's head … and grow with them.

Maximum volume limited
Kid's Headphones let you rest assured that its volume levels are safe for your child. The volume is tuned to a maximum limit of 85dB for safe enjoyment.

Soft ear cushions

The ear shells are completely cushioned with soft foam for ultimate comfort and secure.

Ultra lightweight headband

The slim headband is so ultra light and comfortable that it's a joy to wear for hours on end. Kids may easily forget that they even have it on.
