NGS GAMING MOUSE GMX-110

4 COLORS LED GAMING MOUSE WITH UP TO 3200 DPI

NGS GMX-110 is an optical sensor wired mouse for computer games equipped with 6 buttons and 4 adjustable DPI levels 1200/1600/2400/3200. The mouse includes 4 RGB LED light colors that change automatically while in use, offering soothing ambient lighting.

This mouse outstands for its great ergonomics specially designed for right-handed users. You will enjoy long gaming sesions without growing tired.

NGS GMX-110 comes equipped with a gaming mouse optical sensor delivering exceptional tracking accuracy and consistent responsiveness at any speed up to 3200 DPI.

GMX-110 provides precision and control thanks to its six gaming buttons capable up to five million keystrokes and high speed scroll wheel for fast move.

It is equipped with 4-color breathing RGB LED lights that bring the visual enjoyment during gaming sessions.

Furthermore NGS GMX-110 features Teflon feet to ensure a perfect glide in any surface and a 1.6 meters double nylon braided cable with USB connection for best performance and mobility.
