

Philips Azur Performer Plus
Steam iron

Steam 45g/min;200g steam boost

T-ionicGlide soleplate
Safety Auto off + Anti-calc
2400 Watts

GC4521/01

Faster, Easier and Smarter

With our best gliding soleplate yet

The Philips steam iron Azur Performer combines poweful performance with ease of use. Combining easy Quick Calc Release with our 5-star rated, best gliding T-ionicGlide soleplate and Safety Auto Off to give optimal ironing results, easily.

Fast and powerful performance
- 2600 W for quick heat up and powerful performance
- Steam output of up to 50 g/min for better crease removal
- Steam boost up to 200 g

Easy gliding on all fabrics
- T-ionicGlide: our best 5-star rated soleplate

Safe ironing
- Built-In calc container collects calc during ironing
- Self-Clean for effective calc removal
- Iron switches off automatically when left unattended

Comfortable ironing
- Auto Steam Control for the right steam for each garment
- Triple precision tip for optimal control and visibility
- Optimal weight for easier manoeuvrability over your garments

PHILIPS

Steam iron

Steam 45g/min;200g steam boost T-ionicGlide soleplate, Safety Auto off + Anti-calc, 2400 Watts

GC4521/01

Highlights

2600 W for quick heat up

2600 W for quick heat up and powerful performance.

Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

Steam boost up to 200 g

The steam boost can be used for vertical steaming and tough creases.

T-ionicGlide soleplate

T-ionicGlide is Philips most premium soleplate. Delivering a new standard in glide and scratch resistance for OptimalTemp irons. The patented new coating will secure excellent results. The carefully designed shape and vent holes provide an even steam distribution for easy crease removal with the steam iron.

Built-In calc container

Our specially designed and built-in calc container collects calc particles during ironing. The Self Clean process flushes the calc out of the iron to maintain consistent ironing performance day after day.

Self-Clean

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.

Safety auto off

The steam iron shuts off automatically when left unattended. It will switch off after 8 minutes when left standing on its heelrest and after 30 seconds when left resting on its soleplate or sides.

Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.
