Highlights

Convenient water filling

Easy to fill with distilled water. 1 refill per 2 days use, based on 30 seconds of use, four times per day

Instant full facial hydration

Ultra fine mist penetrates and moisturizes the skin instantly anytime of the day. Revealing refreshed and healthy glowing skin.

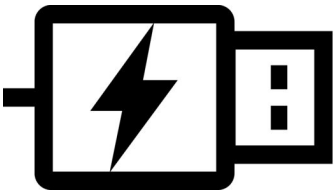
Portable and easy to carry

Fashionable design with light weight material and a small mirror that is easy to use. Carry on the go, perfect for during a flight.

Ultra fine mist

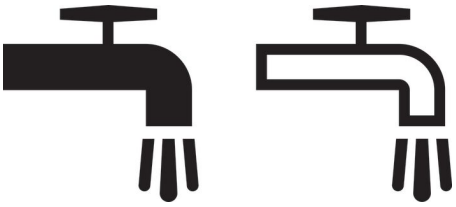
Ultrasonic technology makes 8 million vibrations per minute. Creating ultra-fine particles of distilled water that penetrates skin, hydrating instantly.

USB charging



Cordless use. One full charge per 2 weeks use, based on 30 seconds of use, four times per day.

Water resistant design



It has IPX5 water resistance level, easy to fill with distilled water and possible to clean under running tap water.
