

Philips PowerPro Expert
Bagless vacuum cleaner

2100W
Allergy filter
2L
Super Parquet

FC9733/01

Picks-up and locks 99% of fine dust.*

Thanks to exceptional suction and Allergy Lock

The Philips PowerPro Expert is engineered for superior cleaning with powerful suction power. PowerCyclone 8 technology and our TriActive+ nozzle deliver top results on any floor.

Superior performance
- PowerCyclone 8 technology separates dust from air
- TriActive+ nozzle for 3-way cleaning action
- DiamondFlex nozzle rotates 180° for reaching around objects

Allergy friendly
- Allergy Lock traps dust inside
- Easily emptied with one hand to control dust
- Allergy filter for 99,95% filtration

Effortless cleaning
- Onboard accessories for always at hand accessories
- Soft brush integrated into handle for easy access

PHILIPS

Bagless vacuum cleaner
2100W Allergy filter, 2L, Super Parquet

FC9733/01

Highlights

Powerful cyclonic action

Exclusive PowerCyclone 8 technology quickly accelerates air in the cyclonic chamber to separate out dust. The powerful swirling action maximizes airflow and performance for remarkable cleaning results.

3-way cleaning action

Our exclusive TriActive+ nozzle gently opens carpet pile for a deeper clean. Air channels at the front let large crumbs in and brushes at the sides clean closely along your furniture and walls.

Allergy Filter

Our clean-air filter system creates a perfect seal and captures 99.9% of fine dust – including pollen, pet hair and dust mites – for allergy sufferers and anyone demanding a higher level of hygiene.

Allergy Lock

Our Allergy Lock system uses a sensor to ensure the dust container is fully sealed and leak-proof before operating.

Simple and tidy to empty

The dust container detaches with one hand and controls dust with its unique shape and smooth surface.

DiamondFlex nozzle

The DiamondFlex nozzle is an ideal tool for reaching around objects and difficult to reach corners. The nozzle has a 180° rotating mechanism and a memory function which ensures it automatically returns to its initial position.

Onboard accessories

Onboard accessories for always at hand accessories

Integrated soft brush

Soft brush integrated into handle for easy access

Specifications

Performance
- Airflow (max): 41 l/s
- Input power (IEC): 1800 W
- Input power (max): 2100 W
- Sound power level: <79 dB
- Suction power (max): 420 W
- Dust re-emission class: A

Usability
- Action radius: 10 m
- Carrying handle: Top and front
- Cord length: 7 m
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
- Tube coupling: ActiveLock
- Power control: Electronic on appliance

Design
- Color: Dark Royal Blue

Filtration
- Dust capacity: 2 L
- Exhaust filter: Allergy filter
- Motor filter: Lifetime washable filter

Nozzles and accessories
- Accessory storage: On board
- Additional nozzle: DiamondFlex nozzle
- Standard nozzle: TriActive+ nozzle
- Accessories included: Crevice tool, Integrated brush, Small nozzle

Sustainability
- Packaging: > 90% recycled materials
- Stand-by power consumption: < 0,5 W
- User manual: 100% recycled paper

Weight and dimensions
- Dimensions of product (LxWxH): 505x292x292 mm
- Weight of product: 5.5 kg
