The NewStar Universal 3-in-1 KVM Switch Cables are designed to be the highest quality tangle-free KVM switch cables available. This cable is compatible for the NewStar IP KVM Switch model NS841HDI and NS1641HDI.

This cables combine separate keyboard, monitor, and mouse in to one cable split apart at each end. This design makes him inherently tangle-free and easier to manage since the total cable count is reduced to 1/3.

The VGA Video section of the cable is coaxial eliminating picture "ghosting" and fuzzy images, and using ferrite cores near the connector ends provides superior EMI interference protection.
