Philips

Baby Bottle

- 3 Classic bottles
- 9 oz/260 ml
- Slow flow teat

SCF642/37

Clinically proven to reduce colic and discomfort*

Trusted for 30 years

Our Classic bottle has been trusted by mothers for 30 years, and continues to be the preferred choice of many mums. Designed for an enjoyable and easy feeding experience, it is clinically proven to reduce colic and discomfort.*

Benefits

Air goes into the bottle, not baby's tummy

- Clinically proven anti-colic system

Easy to hold and grip in any direction

- Ergonomic shape for maximum comfort

More comfortable feed at baby's chosen pace

- Easy latch on due to the unique valve on the teat

Reduce fussing and discomfort

- Clinically proven to significantly reduce fussing

Other benefits

- Simple to use and clean, quick and easy assembly
- Compatible with the Philips AVENT range
- Different flow rate teats available
- This bottle is BPA free*
- Always use the adapter ring

PHILIPS

Features

Unique anti-colic system

As your baby feeds, the unique valve on the teat flexes to allow air into the bottle instead of your baby's tummy.***

Helps settle your baby

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behaviour". The Philips AVENT Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs 74 min, p=0.05) This was especially true during the night-time.**

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Easy latch on

Unique valve on the nipple flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimise overeating and spit-up, burping and gas

Compatibility across the range

The Philips AVENT Classic bottle is compatible with the Philips AVENT range, excluding Natural bottles. We advise to use the Classic bottles with Classic feeding teats only.

Ergonomic shape

Due to the unique shape, the feeding bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Fit your baby's growing needs

The Philips AVENT Classic bottle offers different flow rates to keep up with your baby's growth. Remember that age indications are approximate as babies develop at different rates. All teats are available in twin packs.

This bottle is BPA free*

The Philips AVENT Classic feeding bottle is made of BPA free* material (polypropylene).

Adapter ring

Remember to always use the Philips AVENT Classic bottle with the adapter ring (included with every Philips AVENT Classic bottle).

Specifications
