EW2537

# VINTAGE Unisex Ecofriendly 16.1 inch Notebook Backpack. Oxford 900D, rPET recycled material, waterproof material and zipper, trolley strap, breathable back and shoulder, reflective strip, anti-theft rear pocket, Type C/A charging port, 9 compartments/pock

with anti-theft pocket, trolley strip and reflective strip

• Standard-size Storage Space: 44x31x15cm; spacious 27L volume; main compartment features a padded laptop case. The space is suitable for a 16.1" laptop, a change of clothes, books, a water bottle, etc.
• Waterproof and Durable: This vintage backpack is lightweight and durable, made of waterproof and tear-resistant 900D Oxford fabric on the outside. Ideal for extended outdoor activities. All stress points are reinforced for extra durability. It is made from recycled rPET, so you are making sustainable purchase without having to compromise on quality or style.
• The backpack features a fully padded and breathable backrest and shoulder straps. This allows for greater comfort when using it.
• Reflective strip. To provide greater safety, the Ewent Trendy Roll backpack includes a high visible reflective strip. The reflective strip is easily visible at night from a distance, helping to avoid unwanted accidents or helping to be seen easier for any other reason
• Anti-theft pocket. This zippered pocket located on the back of the backpack prevents it from being accessible to unwanted people while you are wearing the backpack. Prevents theft.
• Trolley strap. This strap allows you to attach the backpack to the extendable handle of your trolley when you move through airports, train stations, etc., without having to carry your backpack at the time.

**DESCRIPTION**

The VINTAGE Unisex Notebook Backpack is where classic design meets modern functionality. Built for professionals, students, and travelers who value sustainability and security, this backpack delivers on all fronts—style, comfort, organization, and protection. Crafted from durable, waterproof Oxford 900D fabric and eco-conscious rPET material made from recycled plastic bottles, this backpack is both rugged and responsible. Reinforced at key stress points and equipped with a waterproof zipper, it’s ready to handle your daily routine, rain or shine.
With a generous 27-liter capacity and 9 smart compartments, this backpack easily accommodates a 16.1” laptop, books, clothes, water bottles, and more. The main padded laptop compartment ensures safe transport of your tech, while the anti-theft rear pocket keeps valuables secure and out of reach.
Designed for travel convenience, it features a trolley strap to securely attach the bag to your suitcase handle, and a built-in Type-C/A charging port, so you can stay connected on the go (power bank not included).
Comfort is key: the padded shoulder straps and breathable back panel offer all-day ergonomic support, while a reflective safety strip increases your visibility in low-light conditions.
