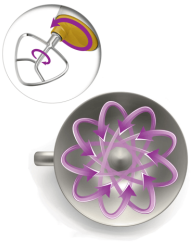
- Easier to clean with rounded edges, covered hinge
- Citrus press for fresh juice in minutes
- Dishwasher-safe bowl and accessory parts
- Quick-release suction feet to lift and move effortlessly

Highlights

Powerful 900-W motor

Powerful 900-W motor for consistent, unbeatable results.

Planetary Mixing Action



Planetary Mixing Action allows the kneading, mixing and whisking tools to move in a unique backwards and forwards movement rather than just in a simple circle, reaching all corners of the bowl, and resulting in smooth, thoroughly mixed ingredients.

4-l metal bowl with handle

Large, robust 4-l metal bowl can comfortably knead up to 1300 g of dough so you can make up to 4 12" pizzas or 2 loaves of bread in one go. The metal handle makes it easy to carry and pour, while the splash guard cover prevents splashing during use.

7-speed control and pulse

Multiple speeds and pulse give maximum control for an unlimited variety of recipes.

Strong metal bowl tools

Metal kneading hook, beater and whisk are easy to lock into place with a simple twist. Specially designed kneading hook mimics kneading by hand to ensure smooth, lump-free dough.

Unique open arm for easier use

The open arm swings up in a practical position so you can easily attach and detach the bowl tools. It can be closed again with a simple one-handed push. The open arm also offers you full bowl access, a practical feature for checking consistency or adding ingredients.

1.25-l blender jar

Based on world-class leading Philips blender technology, high-performing blender attachment with a 4-star blade blends fruit, purees vegetables and crushes ice effortlessly so you can enjoy smoothies, sauces, dips or baby food in minutes.

1.5-l Food processor

Easy-to-attach food processor bowl with dedicated discs for slicing, chopping, shredding and granulating all manner of ingredients from vegetables to nuts to cheese.

Easier to clean

Designed with rounded edges and covered gaps for easy, smooth cleaning. Plus dishwasher-safe bowl and accessories.
