

PRO EVOLUTION ROBOT VACUUM CLEANER

Model: 2713/10
Code: 00P271310AR0
EAN: 8003705113107

Pro Evolution, the new robot vacuum cleaner by Ariete, is the best solution to have a shining house and more free time! Thin and super compact, the robot is able to autonomously clean floors and carpets, thus ensuring time and energy savings. Equipped with the most advanced anti-fall sensors and mechanical anti-collision sensors, the robot goes around obstacles present along the cleaning cycle and is able to recognize also any differences in height, avoiding to fall. Thanks to the autonomous navigation system, Pro Evolution cleans also the corners thanks to the two side brushes, and along the edges of the room ensuring perfect results.
