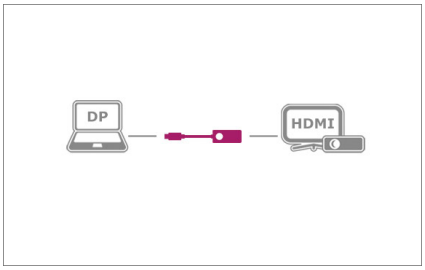
ICY BOX **IB-AD506**
Mini DisplayPort™ 1.2a to HDMI® adapter



It's that easy

Watching movies on a big screen rather than the small notebook screen is a much better experience. Enjoy all this in Ultra HD Quality.

The new one

The IB-AD506 is the successor of the popular IB-AC506. No changes done to the proven functionality, but now with a more handy look and premium aluminium accents.

Flexibility

With a stiff but very flexible cable the IB-AD506 enables comfortable usage in small spaced environments like the backside of a tower PC or a beamer.
