

ICY BOX
IB-SPL1026-TB3

Thunderbolt™ 3 to dual HDMI® graphics splitter

Key features

- Ideal for multi display and TV wall application
- Works with any computer with Thunderbolt™ 3 output connectivity
- Enables two 4k@60 Hz HDMI® monitors to work simultaneously
- Resolution up to 2x 3840x2160@60 Hz
- Supports video mirroring or extension mode for two monitors

Packing content
IB-SPL1026-TB3, manual

2 for 1

The IB-SPL1026-TB3 video splitter is an innovative, external multi display adapter that allows end users to enjoy multiple monitors from a single Thunderbolt™ 3 source for each application, such as gaming, graphics design or spreadsheet analysis. Users can choose to dedicate each monitor to a separate application.
This HDMI® graphics splitter clones your primary display and function as a 2 port HDMI® video splitter and requires no software installation for multi display applications. Plug & Play simplifies the configuration and saves time. It works for any computer with Thunderbolt™ 3 connectivity and Windows® or macOS operating system.

Technical data

Model	IB-SPL1026-TB3
Article no.	60287
EAN / GTIN code	4250078166139
Brand	ICY BOX
Colour	Black
Material	Aluminium, PC
Chipset	DSL6540
Input interface	1x Thunderbolt™ 3, Type-C™
Output interface	2x High Speed HDMI®
Resolution	Up to 3840x2160@60 Hz for each monitor
Cable length	Integrated cable, 26 cm long
Power supply	Bus powered via Thunderbolt™ 3, 15 Watt

Operating system	Windows®, macOS®
System requirements	Important: Your computer must support Thunderbolt™ 3 in order to work with this adapter. - 1x Thunderbolt™ 3 enabled Windows® / macOS computer - 2x HDMI® enabled monitors with cabling While Thunderbolt™ 3 utilizes the USB Type-C™ connector, not all USB Type-C™ interfaces support Thunderbolt™ 3. Please check the specifications of your computer system to confirm which USB Type-C™ ports on your computer support Thunderbolt™ 3. (macOS®: resolutions 2560x1600 and 1920x1200 are not supported via Thunderbolt™ 3)

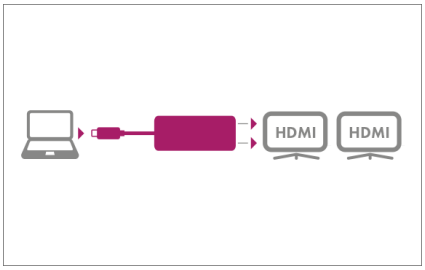
ICY BOX **IB-SPL1026-TB3**
Thunderbolt™ 3 to dual HDMI® graphics splitter



Thunderbolt™ 3

Thunderbolt™ 3 provides connectivity with top speed and versatility. It has twice the bandwidth of Thunderbolt 2 and combines data transmission, video output and power supply in a single, compact port. By integrating USB Type-C™, the fast Thunderbolt™ 3 port has become even more practical since it can be connected in any orientation, making it a truly universal port.

High resolution

The IB-SPL1026-TB3 allows resolution of up to 3840x2160@60 Hz per monitor with two 4K-capable monitors connected via HDMI® and double your high resolution experience.

MST function

With the two HDMI® connectors, you can mirror or expand your main screen. If your system also supports the MST mode, you can display the same or different content on the additional monitors.
