NGS MANUAL LAPTOP CHARGER BAN

UNIVERSAL 90W MANUAL CHARGER 11 TIPS

Universal notebook power adapter to assure compatibility with major notebook brands. This manual laptop charger is equipped with 90W output power.

Protected against overload, short circuit and overheating. Moreover, thanks to its compact and easily transportable design, NGS Ban is ideal for travelling, although it's also recommendable for home and office usage.

It is equipped with a Led indicator that illuminates while the charger is connected to an electric socket.

NGS Ban includes a special plug that provides different voltages with its selector, compatible with laptops that require 12-20 Volt and 90 Watt power or less.

Finally, this charger has also eleven changeable pins that ensure a perfect fit with most brands and devices available in the market.
