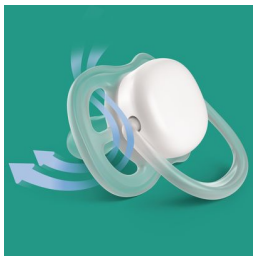
Highlights

4 extra large air holes

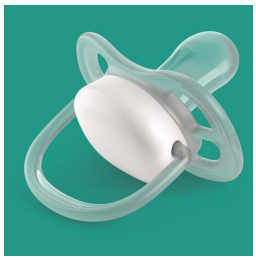


ultra air is designed to allow maximum air flow, so your baby's sensitive skin can breathe.

Skin stays drier

Your little one's sensitive skin stays drier while soothing, thanks to this pacifier's breathable design with maximum air flow.

Comfortable, rounded edges



The ultra air shield is lightweight and features rounded edges for your baby's comfort.

Nipple acceptance

Babies know what they like! We asked moms how their little ones respond to our textured silicone nipples and on average 98% said that their baby accepts the Philips Avent ultra soft and ultra air pacifiers.

Silky textured nipple

This pacifier's silky, textured silicone nipple soothes and comforts your little one.

Orthodontic nipple

Our collapsible silicone nipple has a symmetrical shape that respects your baby's palate, teeth and gums as he or she grows.

Sterilizer / carrying case

With our carry case you can sterilize your baby's pacifier in the microwave and store hygienically when you're on the move.

Case makes sterilizing easy

Place well-rinsed pacifiers into the case, add 25ml/1 fl. oz. of water and microwave at 750-1000W for 3 minutes. Leave to cool for 5 minutes, drain water and they're ready to go.

Made in the UK

You can be sure that your little one's comfort is in good hands. This pacifier was made at our award-winning site in the UK.*
