Easy to clean
- Dishwasher-safe parts

Quality guaranteed
- 2-year worldwide warranty

PHILIPS

Blender
700 W ProBlend 6, 2 L glass jar, On the Go bottle accessory

HR3556/01

Highlights

Effective blending and mixing
We developed our ProBlend6 technology for effective blending and mixing, to ensure that all of the ingredients are finely blended.

Strong blender motor
With 700W of power, your blender's motor is strong enough to blend your favorite ingredients smoothly and efficiently.

Choose your blending speed
From gentle blending for soft fruits – to a burst of power for harder fruit and vegetables. It's up to you with our manual speed control.

Large capacity blender jar

Everyone loves a good smoothie – so our blender jar holds up to 2 liters, so you can make smoothies for the whole family (or to save some for later).

Easy-grip control dial
Our molded control dial is molded with non-slip grip, so you can easily control the blender speed.

Pulse for finer blending
Blend your mixes thoroughly smooth by using the handy pulse control – so all the bits and pieces are brought down to the blades for another round of fine blending.

Liquid levels
We made it easy to see how much liquid is contained in the tumbler and blender jar with clear markings that are easy to read.

Dishwasher safe, easy to clean

All detachable parts of your Philips blender are dishwasher safe.

Our promise of quality

You enjoy a 2-year worldwide warranty on our blenders – which is our guarantee of long-lasting quality and operation.
