NGS CPU RACK PC TRANSFER

CPU'S WHEELS RACK FOOT REST

Place the CPU in this adjustable rack hampering the entry of dust in your PC and prolonging its life.

Thanks to the swiveling wheels, the device can be moved easily without lifting. You will also save space in your desktop by placing the CPU below or to the side of the table.

NGS PCTransfer is a CPU unit's adjustable cart with wheels, a device that allows safe transport of your computer equipment. Therefore, the tower can be moved effortlessly and noise-free due to the four wheels that can swivel in any direction.

Durability is assured thanks to high-quality plastic. PCTransfer is equipped with a width adjustable base to the tower, maximum width up to 25 cm, the protective pads keep the stand from scratching the PC.

Finally, PCTransfer carries loads up to 20kg.
