NGS FOOTSTOOL

ERGONOMIC AND ADJUSTABLE FOOT SUPPORT

NGS Footstool is an ergonomic and height adjustable foot support, allowing you to improve your posture by aligning the spine and promoting blood circulation.

It is also essential that is placed in the correct position so that its benefits are useful. Therefore, it must be regulated to each user specific needs.

NGS Footstool offers several height adjustments to elevate the platform. This accessory allows you to reduce lower back pressure and alleviate discomfort from sitting still long working hours.

Adjustable to up to 30 degrees to ensure a comfortable fit-.

Made of a high-density plastic, the assembly stands out for its simplicity, no screws are required.

Finally, it is equipped with a large nonskid surface to avoid undesired movements.
