Think Ledino, think design

This Philips Novum table lamp is one to catch the eye and win the heart. Its intriguing folded design of premium metal holds a glowing volume of atmospheric LED light. Switch on at the wire to instantly set the mood in your room.

Benefits

Sustainable light solutions

- High quality LED light
- Philips offers a 5-year warranty on the LED module and driver
- Warm white light
- Energy saving
- Long operating life of up to 15 years

Special characteristics

- On/off switch on cable

PHILIPS

Features

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

Long operating life

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 15,000 hours (which equals 15 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

On/off switch on cable

With the switch discreetly integrated into the cable, you can easily switch the lamp on and off.
