Highlights

Noise-cancelling mic
Uni-dimensional mic design to eliminate unnecessary background noise and ensure clear voice transmission.

Adjustable microphone
This easily adjusted boom will make sure the microphone is always optimally positioned to pick up your voice.

Pivoting ear shells
A perfect fit between the ear shells and your ears prevents sound leakage and enhances the listening experience. The ear shells move up and down as well as left and right for a perfect fit and optimum comfort.

Adjustable Comfort level
No matter how you like to 'feel' your headphones, this unique headband construction will always provide you with a personalised, comfortable fit. With height adjustment, you can comfortably wear the headphone for a much longer period.
