DARIO01B

DARIO Wireless Bluetooth Speaker, black

The Conceptronic DARIO is a Bluetooth multimedia speaker that connects wirelessly to a Bluetooth mobile phone, PDA, laptop or PC. It is an ultra-large magnetic circuit high-sensitivity speaker with high penetrating power, low-frequency shock and perfect medium/high-frequency representation. Supports microphone input and microphone-input recording to act as your personal assistant for party or business use. The speaker can also record your favorite AUX sound source. With a stylish and functional design, this clever speaker brings the music to any situation in life.
