BARCODE READER 2D

NX-CS-2DUNL

1D + 2D image barcode reader with NX-CS-2DUNL table stand

The NX-CS-2DUNL scanner is a functional 2D scanner with easy-to-use included support. It is designed to read both long and truncated 1D codes thanks to its 752x480 area width and to read longer 2D codes at close range. In addition, thanks to its technology, you can read both 1D and 2D codes on mobile devices and paper. Its ergonomic shape allows a continuous use and that the hand does not tire so much, allowing a greater work effectiveness. With its continuous reading configuration you can leave the scanner in its posi tion and read bar codes without pressing the trigger.
