NGS WIRELESS RECHARGEABLE MOUSE SPY-RB

WIRELESS RECHARGEABLE MOUSE 800/1200/1600 DPI

NGS Spy RB is a **wireless device** (coverage up to 10m) with advanced **optical sensor** and **rechargeable batteries**.

Its charging system is fast and very easy to use, thanks to its two rechargeable AAA batteries.

The batteries life varies depending on the conditions of use, but with a single charge NGS Spy RB has enough autonomy to operate 2-3 months. It features a micro USB cable that allows you to recharge the batteries when you need. Furthermore, it includes a **LED** that indicates when the battery level is getting low to avoid running out of power.

NGS Spy RB outstands for its ergonomics and has been conveniently designed for **right-handed** users. Its compact size is perfect for notebooks and its very comfortable to transport.

Thanks to its optical sensor and built-in **DPI switch button**, you can switch DPI between **800/1200/1600** and choose the mouse speed.

This mouse comes with a Nano receiver which can be placed under the mouse, or it can remain connected to the laptop without risk of fall or loss. "**Plug and Play**" installation, you just have to plug it in and start working.

The device is equipped with an on/off switch useful for energy saving.

It includes **5 buttons** to make everything you do on your laptop easier, from surfing the Web to navigating your Social Networks with precision clicking, pointing and dragging (Forward/Backward/DPIs) and a **scroll** wheel that gives you the precision you need when navigating lists, slides and images.

Finally, NGS Spy RB features an elegant finish that combines UV matt black color with glossy surface finish.
