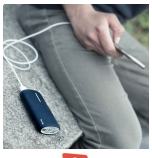
NGS CHARGING STATION + POWERBANK X 2 TWINPEAKS



5000 MAH DOUBLE POWERBANK + CHARGING DOCK STATION

Double 10.000 mAh battery charger with 2.1 output and charging station

Ideal for those who live continuously connected and need extra energy to charge their devices. Keep it close to hand by carrying it everywhere thanks to its compact and double design.

NGS Twin Peaks consists of **two universal 5.000 mAh portable chargers** and a charging base, compatible with smartphones and tablets. You can get up to 40 extra hours for smartphones and up to 15 extra hours. Depend on brand/model and battery condition.

Furthermore, the charging base has power Led indicators that show how much power is remaining at any time.

Each powerbank is equipped with **2.1A** output for fast charging. It also features a micro USB port so you can recharge it using your smartphone charger or connected to a computer through the USB cable provided.

In order to increase the security, NGS Twin Peaks provides **power surge protection** against short-circuits and overloads.

Finally, thanks to the intelligent charge, simply rest the powerbank on the base and it will immediately start charging.

Capacity	5000 mAh x 2
nº ports	1
Output power	2.1 A

Technical specifications

- USB output 2.1A
