- LED

44501/19/86

myBuddy tells your child when it's time to play!

With its friendly appearance, myBuddy is bound to comfort your child, making it the perfect companion from bedtime to wake-up time. It helps children to fall asleep and stay in bed happily until it’s time to get up.

Benefits

Day and night, a full light solution for children

- Reading light
- Soft glowing nightlight
- Morning light

Intuitive and user-friendly light

- Fun and easy on/off switch
- Easy morning light set-up

Safety first!

- Cool to touch and child-friendly
- Robust design

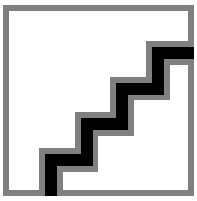
Advanced and sustainable LED technology

- High quality LED light
- Energy saving

PHILIPS

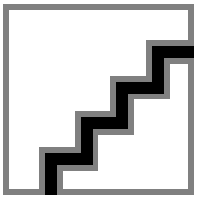
Features

Reading light



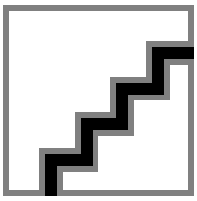
myBuddy is great for soothing bedtime stories that help children to fall asleep. The diffused warm white light of myBuddy is gentle and provides the perfect light output for good visibility while reading.

Soft glowing nightlight



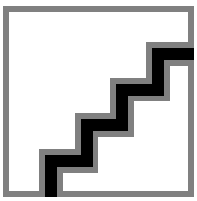
After storytime is over, a gently glowing moon nightlight indicates that it's time for children to sleep, and is a familiar and comforting sight if your child wakes during the night. In early years, it's also a helpful orientation light when checking on your child at night or to create a cosy, soothing atmosphere while feeding or comforting your child.

Morning light



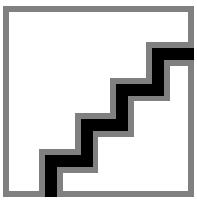
Young children often don't know when they're allowed to come out of bed. The sun on myBuddy's belly tells them when the day can start. By using the simple symbols of sun and moon, your child learns the difference between day and night in a playful manner. When the sun shines on myBuddy's belly, it's time to play!

Fun and easy on/off switch



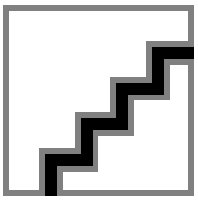
Press the top of myBuddy's head and it lights up with a gentle warm white reading light.

Easy morning light set-up



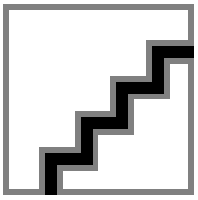
An intuitive backpanel with selection wheel and digital clock makes it extremely easy to set up the various functionalities of myBuddy. You can select only moon light, moon and sun, or only sun in the morning. To activate the morning light simply set the time when you want the sun to appear.

Child-friendly



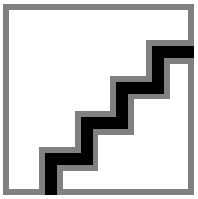
myBuddy is completely safe for children too, because he is made of child-friendly materials and uses LED light, which is always cool to touch.

Robust design



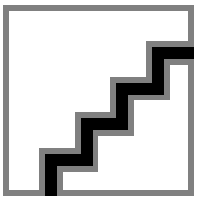
Its design is robust and solid, making it absolutely child proof with no risk of breaking.

High quality LED light



myBuddy has an extremely low power consumption of only 2 x 1W, while providing a high light output (60 Lumen) at the same time. With a light temperature of 2700 Kelvin, myBuddy provides gentle and soothing warm white light.

Energy saving



The LED technology used in myBuddy has a long-lasting lifetime of at least 20.000 hours. Using only a few watts of power, myBuddy is thus an extremely energy sufficient reading, night and morning light.

Specifications

[field not found 'disclaimer_text']

Design and finishing

Material	synthetics
Color	pink

Product dimensions & weight

Height	18.4 cm
Length	16.1 cm
Width	14.7 cm
Net weight	2.160 kg

Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	2
Wattage bulb included	1.2 W
Light color	warm white
Bulb technology 2	LED Safety Extra Low Voltage
Number of bulbs 2	1
Fixture dimmable	No
Wattage bulb included 2	0.01 W
LED	Yes
Light color 2	warm white
Beam angle 2	120°
IP code	IP20 protection against objects bigger than 12.5 mm no protection against water
Class of protection	III - safe extra low voltage
Light source equivalent to traditional bulb of	15 W

Service

Warranty	1 year(s)

Packaging dimensions & weight

Height	25.3 cm
Length	19.1 cm
Width	19.1 cm
Weight	4.550 kg

Miscellaneous

Especially designed for	Kids room
Style	Expressive
Type	Table lamp
