BULK packaging - the responsible choice:
Our BULK packages are the responsible choice for companies installing large quantities of screen protectors. Opting for BULK packaged screen protectors reduces cardboard usage and cargo space by an impressive 80% compared to traditional packaging.

Glass quality
Our case-friendly 9H tempered glass provides superior protection against scratches, chips, and cracks. The Titan Shield® features an anti-shatter film that keeps small glass pieces contained if it breaks. With real glass properties, it ensures no change in color or touch sensitivity when applied.
