C4CHCCTVKITM

4-Channel Compact CCTV Surveillance Kit

The Conceptronic CCTV Surveillance Kit offers an ideal way to monitor several different areas of your house or business. Have one camera focused on the entry, one on the garage, another on the back of the property and a fourth on the driveway, then enjoy the ease of monitoring all four cameras from any PC, laptop, tablet or smartphone. Cameras all conform to Weatherproof standard IP66, and operate in temperatures from -10°C to 50°C. Built-in infrared LEDs support night monitoring for distances up to 20 metres, providing peace-of-mind twenty-four hours a day. The quality cameras also offer full-screen, high resolution recording and playback, and recording your data is made easy and efficient with a high compression rate and up to 4TB of disk capacity. Everything you need for safe, secure surveillance of your home or business.

Highlights

> 4 x 1/4" CMOS 700TVL Day/Night Outdoor Cameras with a 4-CH Digital Video Recorder included
> One 3.5" disk slot supports disk capacity of up to 4TB
> Built-in infrared LEDs for night viewing of up to 20m
