A9ALSP01 Accessory

Cook exciting dishes using the versatile 9l large capacity stock pot. Boil large pieces of meat or seafood in this generously sized stock pot, combine it with the Pasta Insert for perfect al dente pasta. Optimised for induction hobs, but suitable for all types of hob surfaces. Safe for both the dishwasher and oven up to 250ºC. Dimensions: 9l, Ø 24

Multi-layer materials

The magnetic steel outer gives superior induction and is simple to clean. The core is three layer aluminium – an excellent heat conductor. While the inside is crafted from hygienic, easyclean, corrosion-resistant 18/10 stainless steel.

Reliable technology

The materials are all perfectly combined to ensure heat spreads evenly over the entire surface, including the sides, for uniform, controlled cooking. Even when heated quickly, no deflection or deformation will occur (Long life quality).

More Benefits :

- Designed to fit perfectly on AEG induction hobs
- Dishwasher &oven safe
