A9ALLC01 Accessory

The Low Casserole is a multipurpose pan and optimal for braising, poaching and simmering. You can confidently create creamy risotto, casseroles and dishes that need extra space when cooking or poaching individual portions. Double handles makes it easy to lift. Optimised for induction hobs, but suitable for all types of hob surfaces. Safe for both the dishwasher and oven up to

Multi-layer materials

The magnetic steel outer gives superior induction and is simple to clean. The core is three layer aluminium – an excellent heat conductor. While the inside is crafted from hygienic, easyclean, corrosion-resistant 18/10 stainless steel.

Reliable technology

The materials are all perfectly combined to ensure heat spreads evenly over the entire surface, including the sides, for uniform, controlled cooking. Even when heated quickly, no deflection or deformation will occur (Long life quality).

More Benefits :

• Designed to fit perfectly on AEG induction hobs

• Dishwasher &oven safe
