PHILIPS

Steam generator iron with OptimalTEMP technology
Up to 6.5 bar pressure 350 g steam boost, Carry lock, 1.5 L detachable watertank

GC9247/36

Highlights

OptimalTEMP technology

Now you can iron from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with the 1) Advanced Smart Control Processor which controls precisely the soleplate temperature. You do not need to adjust temperature 2) Powerful Cyclonic steam chamber which delivers powerful consistent steam, making ironing easier and faster.

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

Up to 6.5 bar pressure

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

Easy De-Calc

Ultra long lasting steam performance: Philips' exclusive Easy De-Calc function provides the ideal way to get rid of limescale and extend the lifetime of your steam generator iron. Your iron will remind you with light and sound when to perform cleaning. Only when your appliance is cold, simply open the Easy De-Calc knob , and collect the dirty water and scale in a cup.

Safety auto off

The safety auto off function automatically switches off the appliance if it has not been used for 5 minutes, to save energy.

1.5 L detachable water tank

The watertank can be removed to be refilled easily under the tap. The large filling hole makes the refilling fast.Thanks to the 1.5 L watertank capacity, you can iron up to 2 hours continuously without any refills.
