Headphones with mic

- 10-mm drivers/semi-closed back
- In-ear

SHE9005/00

Perfect fit, precise sound

For your mobile phone with volume control

With a vibration-absorbing metal housing, this SHE9005/00 headset with high-performance speaker creates bass fidelity for true-to-life sound. Uniquely curved design enables a perfect fit. ComplyTM foam tip for perfect noise isolation.

Benefits

Enjoy quality sound

- Premium metal housing offers accurate sound transmission.
- Perfect in-ear seal blocks external noise
- Exceptional noise isolation for quality sound at low volume

Ultimate wearing comfort

- Uniquely curved design enables easy grip for perfect fit
- Ultra soft memory foam cushions for great comfortable fit
- Ultra-soft silicone caps sit comfortably in your ears

Always ready to go

- Fabric covered cable lasts longer and prevents tangling
- Anti-tangle slider
- Durable Flexi-Grip makes a strong flexible connection

Designed around you

- In-line remote for volume and call control

PHILIPS

Features

Premium metal housing

Housed in superior metal, these earphones are shielded from unnecessary vibration for accurate sound transmission, resulting in smooth bass response and clear mid-to-high-range tones.

Precisely tuned acoustics

The perfect in-ear seal of these earphones will surprise you with exceptional noise isolation.

For best sound at low volume

You don't have to turn up the volume in noisy places any more. Angled Acoustic Pipe and the perfectly sealing ear buds cut off background noise significantly, delivering the same quality sound at a lower volume and with a longer battery life.

Uniquely curved design

A unique curved headphone housing design enables easy grip and makes it easy to get perfect in-ear fit - even on the go.

Soft memory foam cushions

Ultra-soft memory foam cushions perfectly shaped around the contours for your ears. This gives you the best fit while you hardly feel them.

3-size ultra-soft silicone caps

The 3 sizes of ultra-soft silicone caps of these Philips earphones sit comfortably in your ears without adding pressure to them whilst blocking out unwanted noise.

Anti-tangle fabric cable

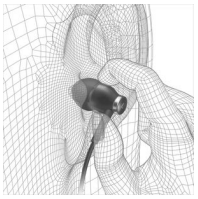

Textile covered cable prevents cable tangling, is very long-lasting and extends product life.

Anti-tangle slider

When storing your headphones there is a risk that the cables tangle if not stored carefully.This makes it a hassle to store the headphones and get them ready for listening. Simply slide the anti-tangle slider towards the earpieces to keep the two earpiece cables neatly together and to minimise the risk of the cables tangling.

Flexi-grip design

The soft flexi-grip material that the body of the headphone is sheathed in enhances its performance and extends its durability. It protects the cable connection from damage that otherwise could occur due to repeated bending of the headphone body from frequent contact with the user's fingertips when being put on and removed.

In-line vol and call control

Want to change the volume? Accept or reject a call? The remote features volume and call controls. With this headset, control is at your fingertips!

Specifications
