Operating Temperature	: 0 °C to +45 °C
Operating Humidity	: 10 % to 85 % RH (no condensation)

Story

The AC7015 helps you to connect a source device, e.g. a notebook, with a USB-C output, directly to a monitor or beamer with HDMI input. No additional HDMI cable needed. This solid aluminium video/audio converter supports a maximum resolution of 4096 x 2160 (4K) @ 60Hz. An ideal resolution for displaying videos, pictures, presentations etc. Please make sure the USB-C port of your source device supports DP Alt Mode. The long cable of 1.8m gives you more freedom of movement.
