- UV brush head sanitizer

HX6972/09

Complete gum care

Toothbrush for gentle cleaning of teeth and gum

Combining our sonic technology and 5 brushing modes, FlexCare+ electric toothbrush is your solution for improved oral health. Plus you can improve your gum health after just 2 weeks of use.

Benefits

Offers a customized brushing experience

- Easy-start program to acclimate to the Sonicare experience
- Five different modes for a better cleaning experience

Provides a superior clean

- Sonicare dynamic cleaning action drives fluid between teeth
- Angled brush head neck for better reach to back teeth

Guides you to follow dental recommendations

- Two-minute timer helps ensure recommended brushing time
- Quadpacer interval timer encourages thorough brushing

Proven to improve oral health

- Naturally whiter teeth with patented sonic technology
- Clinically proven safe and gentle
- Improves gum health in only two weeks

PHILIPS

FlexCare+

Features

Sonic technology

Philips Sonicare electric toothbrush's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

Smartimer

2-minute timer on this Philips Sonicare electric toothbrush helps ensure dental professional recommended brushing time

Angled brush head neck

The uniquely angled brush head neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

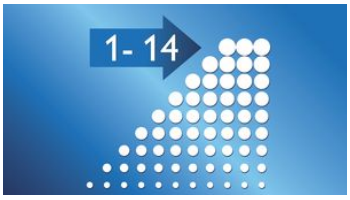
Quadpacer

30 seconds interval timer indicates when you have completed each quadrant of your mouth and signals for you to move on resulting in more consistent cleaning throughout your mouth

Naturally whiter teeth

The dynamic cleaning action of this toothbrush and the direct broader contact with each tooth, has proven to remove everyday stains, to help keep teeth naturally whiter.

Easy-start program



Gently increases power over first 14 uses to ease into the Philips Sonicare electric toothbrush experience

Safe and gentle

Your Philips Sonicare Electric Toothbrush is safe to use on: braces (brush heads wear out sooner when used on braces), dental restorations (fillings, crowns, veneers) and periodontal pockets.

Five different cleaning modes

The five modes include a Clean mode for an outstanding clean in two minutes. A Sensitive mode for gentle yet thorough cleaning of the gums. A Refresh mode for those quick one minute touch-ups. A Massage mode to stimulate the gum and a Gum Care mode that helps improve gum health.

Improves gum health

This Philips Sonicare electric toothbrush provides optimal cleaning between teeth and along the gumline for improved gum health in just two weeks.
