

Halogen High Voltage SE (Film/Studio)

6994Z 2000W G38 230V 1CT/10

The high, constant output and consistent color temperature of these single ended halogen lamps ensure attractive, accurately exposed pictures for both film and video. Furthermore, these lamps incorporate the highly innovative P3 technology, developed by Philips. This allows the lamps to be used at higher temperatures, which extends overall lifetime and consistency of their high-quality light output. P3 technology also allows the lamp to be used in any burning position and enables more compact designs of fixtures. In addition, the very wide choice of dimensions and power ratings opens new levels of creative freedom for the luminaire designer.

Product data

• General Information

Cap base	G38
Philips code	6994Z
ANSI Code	FKK-FKP
Operating position	S90 [Standing +/-90D or Base Down (BDH)]
Main application	Entertainment
Life to 50% failures (nom.)	480 h
System description	na [-]

• Light Technical

Luminous flux (rated) (nom.)	50000 lm
Correlated colour temperature (nom.)	3200 K

• Operating and Electrical

Power (Rated) (Nom)	2000 W
Rapid-acting HBC fuse	16 V
Voltage (Nom)	230 V

• Controls and Dimming

Dimmable	Yes

• Mechanical and Housing

Bulb finish	Clear (CL)
Filament shape	Bi-Plane
Filament dimensions WxH	18x18
Dimensions (height x width x depth)	NaN x NaN x NaN mm (NaN x NaN x NaN in)

• Luminaire Design Requirements

Pinch temperature (max.)	400 °C

• Product Data

Full product code	871150018655325
Order product name	6994Z 2000W G38 230V 1CT/10
EAN/UPC – product	8711500186553
Order code	18655325
Numerator – quantity per pack	1
Numerator – packs per outer box	10
Material no. (12NC)	923891142948
Net weight (piece)	0.025 kg
