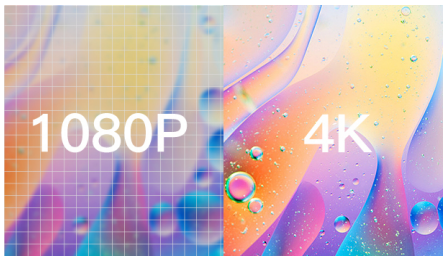
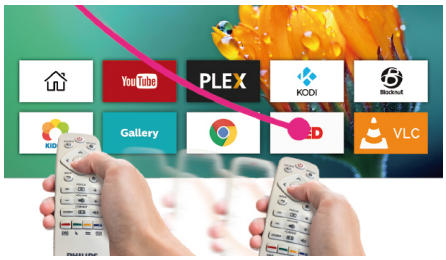
# Highlights

### 4K Ultra HD



With four times the resolution of conventional Full HD, Ultra HD 4K lights up your screen with over 8 million pixels. Enjoy crisp details, vivid and true-to-life colours when watching sports, games and streaming content.

### AirMote



Easily navigate thanks to the intuitive AirMote control by pointing or using gestures to pick and choose what you want to watch.

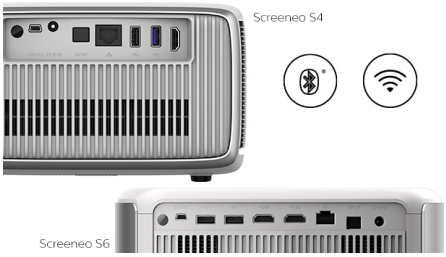
### Bluetooth BoomBoxes

Play your music directly on the projector. Use your Screeneo as a Boombox by connecting your smartphones or any other Bluetooth device to enjoy big sound.

### Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all your videos, listen to your music or share your latest holiday pictures.

### Fully Connected



The Screeneo S Collection comes with all the connectivity you need: Wi-Fi, Bluetooth, USB, HDMI, SPDIF; Connect your game consoles, Blu-ray player, smart boxes or set top boxes to enjoy all your contents.

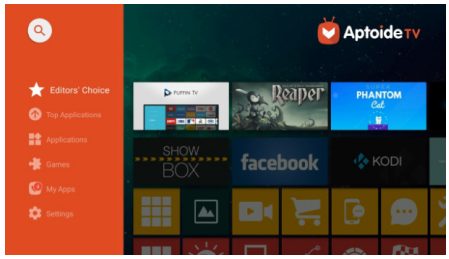
### HDR for advanced contrast

High Dynamic Range is the new video standard that redefines in-home entertainment through advances in contrast and colour. With HDR 10, enjoy a sensory experience that captures the original richness and liveliness, yet accurately reflects the content creator's intent.

### Perfect image

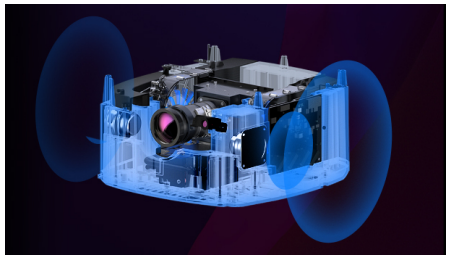
Get a perfect picture automatically straight out of the box with the Auto Keystone, Auto focus. Because you won't always place your projector directly opposite the wall, we added 4 corner correction to fine-tune your image and get a perfect fit even if your device is up to 45 degrees to your right of left side.

### Smart Android OS for apps



Take full advantage of endless entertainment with Android OS. All your favourite apps are pre-installed out of the box. Enjoy Youtube, Netflix and more!

### Superior Stereo Speakers



No need for an extra sound bar or home-cinema! The Screeneo S Collection provides endlessly vibrant, clear and powerful sound with deep bass.
