- Deep cleaning between teeth and in hard-to-reach areas
- Sonicare Fluid Action

I InterCare

2-pack brush heads

HX9002/87

Highlights

Clean between teeth

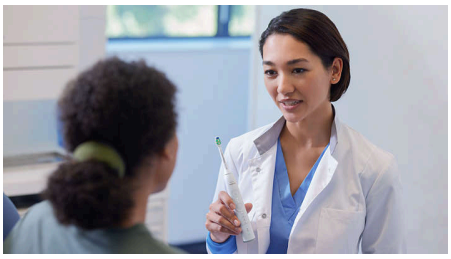

Our InterCare brush head uses extra-long bristles to help remove up to 3 x more plaque** from in between teeth and in hard-to-reach spots.

Sonicare Fluid Action

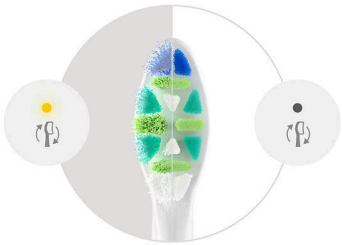

Philips Sonicare toothbrushes gently yet effectively clean and care for your teeth and gums with up to 62,000 bristle movements. Sonicare Fluid Action supports the bristles to clean by driving fluid deep between teeth and along the gumline.

Clinically tested

All Philips Sonicare brush heads are meticulously designed and clinically tested. So you can be sure that they meet the highest standard in quality, safety and performance.

Replacement reminders

Did you know brush heads become less effective after three months? Dental professionals recommend changing your brush head regularly, that's why Philips Sonicare toothbrushes have BrushSync technology. It tracks how often and how hard you brush, then reminds you to replace your brush head once it's time for a new one.

Click-on design

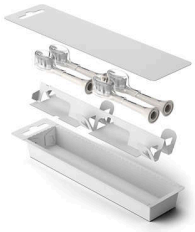

This brush head is compatible with all Philips Sonicare electric toothbrushes.*** Simply click it on or off for easy replacement and cleaning.

Bio-based plastic

We are working to reduce our use of fossil-fuel-based plastic in our products. That's why 70% of the plastic in this brush head is bio-based.*

Paper-based packaging

All of our brush heads come in paper-based packaging which can be recycled where facilities are available.
