PHILIPS

Philips Grind & Brew Drip Filter Coffee Machine, 1.2 L

HD7767/00

- Integrated coffee grinder
- With glass jug
- Black and metal

Great coffee starts with freshly-ground beans

Simply prepared with the integrated bean grinder

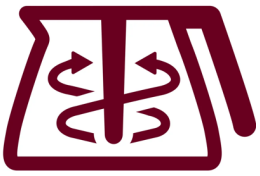
- Integrated bean grinder for freshly ground coffee
- The aroma twister circulates the coffee for an optimal taste
- Strength select for adjusting the intensity of your coffee
- Also suitable for ground coffee
- Grind selector knob for setting your favourite taste
- Easily select the coffee settings with the brewing knob
- Adjustable keep-warm time from 10 minutes to 2 hours
- A drip stop to pour a cup of coffee whenever you like
- A water level indication for easy filling
- Aroma seal to keep your beans fresh in the container

Highlights

Integrated bean grinder

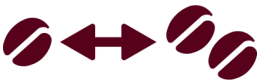
To give the delicious taste of freshly ground coffee, fresh coffee beans are ground before brewing. This coffee maker has conical burr grinders to give the optimal grind size, which ensures the best taste.

Aroma twister



This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

Strength select



Adjust the intensity of your coffee to mild, medium or intense coffee.

Ground coffee brew

You can also use ground coffee instead of coffee beans. The grind-off function disables the grinder and you can simply fill the filter with ground coffee.

Grind selector knob

Personalise the coffee taste by choosing between 9 grind size options. Select a fine grind for a stronger coffee taste or coarse grind for a lighter, smooth filter coffee.

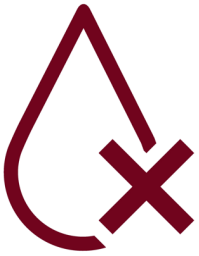
Easy selection of settings

Thanks to the convenient brewing knob, you can easily select and customise your preferred coffee setting, for instance the number of cups and coffee strength.

Adjustable keep-warm time

Select how long you want your coffee to stay hot after brewing. You can adjust the automatic shut-off time from 10 minutes up to 2 hours.

Drip stop



The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

Water level indication

Fill the water tank easily and precisely with the water level indication.

Specifications

Service

2 year guarantee: Yes

General specifications

Grinder settings: 9
Type of display: LCD
Ease of cleaning and maintenance: Dishwasher-safe parts, Removable filter holder
Ease of use and comfort: Display, Water level indication, Automatic shut-off, Drip stop
