Make the most of your kitchen space with this integrated, space-saving pullout cooker hood.

Product Benefits & Features

Hood settings, made simple
Your cooker hood functions can be easily reached with our mechanical controls. Adjust the light settings or the fan speed for fast, flexible cooking.

- Washable aluminium grease filters
- Recirculation or extraction options
- Noise level: dB(A)
- For installation into a furniture unit with shallow front cupboard

Clean filter, clean air.
This filter provides continually effective protection for your kitchen. And, because it's fully washable, it works to provide cleaner air in your kitchen for even longer.

More visibility, less energy
Energy-efficient LEDs are ideal for sociable areas like the kitchen, where lighting is used frequently and for long periods of time. Bright, long-lasting and incredibly energy-efficient, they're an essential feature in modern homes.
