NGS BT TRUE WIRELESS EARPHONES ARTICA LODGE

BT TRUE WIRELESS-BATTERY 45MAH BASE BATTERY 300MAH- 15 HOURS

The brand-new earphones with in-ear design not only are compatible with Bluetooth Technology 5.0. but also, are equipped with True Wireless Stereo Technology to enjoy your music in complete freedom.

The earphones will automatically sync, as soon as you take them out of the charging case, they both switch on and pair each other to start using them.

Listening to your favorite music or even answering your calls has never been so easy.

Get in touch with your **Voice assistant** and ask her to make a phone call on your behalf from your agenda or a search on internet.

Also, you can enjoy the **free hands** feature and control your phone without having to touch it.

Its minimalist and ultralight design is equipped with a fastening system that provides a comfortable and safe fit. Ideal for wearing longer and for practicing any type of activity.

Includes **control buttons** in both headphones for easy handling. Control your music playback with a soft tap.

With a battery capacity of 45mAh, enjoy 6h autonomy at 50% volume or 5h at 70%. But... if you are one of those who gives it all by setting the volume to the maximum, do not stay with the desire and feel your favorite music for 4h without interruptions.

The charging base features a 580mAh battery able to charge the earphones completely 2 times without cables, which enables you up to 12 hours of battery life without needing to recharge the base.

The charging LEDs show if the headphones are still charging or fully charged. In addition, the base charge indicator LED informs you when the base is charging or if it is at 100% capacity.

Due to its small size and its **case** that allows to transport them comfortably and safely, feel free to take them anywhere.
