mophie

powerstation® plus mini

Portable battery with integrated micro USB to Lightning switch-tip cable.
Made for devices with a Lightning or micro USB port.

SWITCH-TIP CABLE | **+13 HOURS OF BATTERY***

SWITCH-TIP CABLE
Works with any device that has Lightning or micro USB port.

PRIORITY+® CHARGING
Charges your connected device first before the powerstation starts to recharge itself.**

HIGH-OUTPUT CHARGING
The integrated micro USB to Lightning switch-tip cable can deliver up to 10W of power.

PREMIUM FABRIC FINISH
Available in multiple colors, the premium fabric finish looks stylish and prevents scuffs and scratches.

Key Selling Points

- Rechargeable 4,060mAh portable battery delivers up to 13 extra hours for your smartphone.*
- The integrated micro USB to Lightning switch-tip cable works with any device that has Lightning input or micro USB port.
- When not in use, the integrated switch-tip cable tucks conveniently into the side of the powerstation battery, so it's there when you need it and neatly stored when you don't.
- Priority+ charging provides power to a charging device first before the powerstation recharges itself.
- The integrated four-light LED battery indicator displays charging status and current battery life.

The next generation of universal power.
