Ortronics
28awg Reduced Diameter CAT 6 channel cord, green, 7'
Part No. RDC607-05

Ortronics® reduced diameter (RDC) patch cord for CAT6 & CAT6A applications provide a smaller cable diameter while still supporting applications up to and including 10 Gigabit Ethernet. These reduced diameter cords occupy less than 60% of the space required for MC6 & MC6Acords.

Features & Benefits

Each cord is 100% factory tested
Ensures every cord shipped support Category 6a channel specifications.

Premium plug designed for reduced OD 28AWG patch cable
Protects performance through the plug termination

Premium 28AWG conductor cordage
Reliable performance and durable cord life.

Improved cable flexibility
Supports simple routing and cable management

Reduced cable diameter:
Tighter bend radiuses & occupy less cable management space supporting more airflow

Snagless plug design
Protects plugs when routing through cable managers or pathways.

Backwards compatible to Category 6, and 5e
Supports lower category installations and components.

Specifications

General Info

Product Line	Ortronics	UPC Number	662875005346
Country Of Origin	Mexico	Application Sector	Commercial/Industrial
Standard	FCC	Type	Reduced Diameter Patch Cords

Additional Information

RoHS Conformant	Yes	Product Environmental Profile	Yes
