### Powerful performance

- Powerful steam for fast ironing

PHILIPS

PowerLife Plus

## Features

### Up to 35 g/min of steam

Continuous steam up to 35 g/min for better crease removal.

### Steam boost up to 130 g

The steam boost can be used for vertical steaming and tough creases.

### SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.

### Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

### Robust heelrest

This iron features a specially designed extra large heelrest, which gives extra stability when it is put in vertical position.

### Drip-stop system

The Drip Stop system of your Philips steam iron lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

### 2300 Watt

This powerful iron heats up quickly and maintains very stable temperatures during ironing, making it easier to remove creases properly.
