8000 Series Freestanding Washer Dryer 10 kg 1600 rpm

L8WEC166R

INTRODUCING YOUR CLASSICS DEFENDER.
The AEG WD 8000 Series featuring the ÖKOMix Technology - a unique pre-mixing technology that delivers complete protection for your clothes in one go.

The AEG WD 8000 Series featuring the ÖKOMix Technology - a unique pre-mixing technology that delivers complete protection for your clothes in one go.

Product Benefits & Features

Long-lasting protection for washing and drying
The patented ÖKOMix Technology guarantees the most even washing and drying process in one go. Unlike other machines, ours pre-mixes detergents and softener to their most effective blends separately in water before they enter the drum. Meaning both are fully dissolved and activated when they reach the load. Making distribution

Dual technology for sensitive care
Our DualSense Technology tailors the temperature and motion of the drum to different fabrics and adjusts programmes accordingly. Lower heat and controlled movement mean that everything from delicates to outdoor wear can be carefully and washed in one go. Both washing and drying cycles are certified

Adjusted cycles for absolute convenience
ProSense Technology® automatically adjusts washing and drying times to the size of the load. Enabling convenient and economical cycles – saving on time, energy and water – whether the load is small or big.

EXCELLENT RESULTS USING LESS TIME AND ENERGY
Our ÖKOPower NonStop 4h/5kg programme offers the most efficient washing and drying cycles in the shortest time possible. Designed to wash and dry 5kg in four hours, it represents the most economical performance available on the market today, saving both time and energy.

SMOOTHEN WITH STEAM FOR LESS IRONING
The steam programme from relaxes the fibres in your clothes to reduce wrinkles and avoid ironing. Ensuring they look and feel better for longer. The option to quickly refresh clothes without putting them through comprehensive cycles also means they stand the test of time with less exposure to temperature and motion.

- Washing capacity: 10 kg
- Drying capacity: 6 kg
- 1600 RPM spin speed
- Cotton programmes
- Synthetic programmes
- Delicate programmes
- Wool plus programme
- Easy iron programme
- Drying time option
- Extra rinse option
- Delay start option
- Stain action option
- Sensitive option
- Aqua control and alarm
- Automatic child safety
- A class energy efficiency
- A class wash performance

AEG

8000 Series Freestanding Washer Dryer 10 kg 1600 rpm

L8WEC166R

Product Specification

Series	8000 Series KOMBI ÖKOMix
Energy class	A
Wash Energy Rating	A
Energy consumption Annual (kWh)	172
Energy cons. annual washing/drying (kWh)	1340
Annual water consumption for washing & drying	23000
Annual water consumption for washing only	12200
Load Capacity kg (Wash)	10
Drum volume	69
Maximum spin speed (rpm)	1600
Residual humidity	44
Motor System	Permanent Magnet
Washing noise level IEC 704-3 dB(A)	51
Spinning noise (dBa)	77
Drying noise level IEC 704-3 dB(A)	60
Installation	Freestanding
Dimensions (mm) (HxWxD)	850x600x605
Depth max, mm	660
Wheels/feet	4 adj feet
Cord Length	1.8
Inlet hose length (mm)	150
Outlet hose length (mm)	140

Connected Load	2200
Voltage	230-240
Required Fuse	13
Frequency	50
Porthole Type	P1S + Turbine
Woolmark	WOOLMARK BLUE WASH&DRY
Program list	Cotton, Cotton economy, Synthetics, Delicate, Wool Plus, OutDoor, OKOPOWER (5kg/4h), Steam Refresh, Rinse (Rpm Dep), Spin / Drain
ProdPartCode	All Partn
