Decorate your home with light

Save up to 80% energy with this Philips LED Linear batten. Its integrated LED provides high-quality warm white light, perfect for general illumination. The modular system makes it easy to connect several battens to each other.

Sustainable light solutions

- Energy saving
- High quality LED light
- Long operating life of up to 20 years
- Warm white light
- Philips offers a 5-year warranty on the LED module and driver

Special characteristics

- Can be connected to products from the same family
- On/off switch on article

Highlights

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

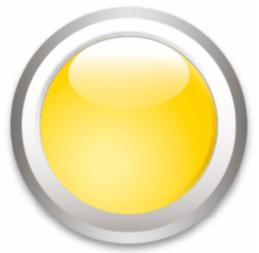
High quality LED light

The LED light bulb delivered with this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Long operating life

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 20,000 hours (which equals 20 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

Warm white light



Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

Connectable product

This product is connectable with a similar product or with any other product from the same family.

On/off switch on article

With the button discreetly integrated into the lamp, you can easily switch the light on and off.

Specifications
