USB Type-C™ DockingStation with integrated cable

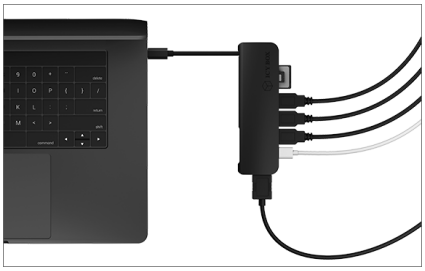
One connection

The Type-C ™ connection offers incredible versatility. It combines data transmission, video output and power in a single, compact port. The integration of USB Type-C ™ makes the connection even more practical, as it has a twist-proof connection as its physical feature - making it a truly universal connection.

Always at the ready

The integrated cable is always ready for use and cannot be lost. When stored safely in the cable mount, it stays out of unnecessary cable clutter in your pocket or drawer.



Easy connection - multiple benefits

Perfectly combines high-quality appearance and efficient technology with a very compact size. The premium aluminium DockingStation does not only look good but also offers high comfort while using. This solution is suited for any location such as private or office areas.
