NGS WIRED SET SPRITE KIT

WIRED KEYBOARD AND MOUSE SET WITH LED LIGHT, WHITE COLOR

NGS Sprite Kit is a reliable keyboard and mouse combo backlighted with multimedia keys, greatly facilitating teleworking and leisure moments.

It features a USB connection and a cable length of 130 cm to offer a great freedom of movements.

The optical mouse with adjustable speed (800/1200/1600 dpi) provides fast response and high accuracy. It is equipped with scroll and 3 buttons to make your everyday tasks easier.

The mouse design features a glossy white finish and outstands for its awesome seven color LED lighting system with non-stop color transition.

The mouse is suitable for both right- and left-hand users and offers a standard size.

The keyboard features 12 commonly used multimedia keys for instant access to media controls, greatly facilitating the computing tasks. It also features LED indicators for Caps, num-lock function and Scroll lock.

The flat keys “X-type” keystroke is soft, handy and whisper-quiet.

Rainbow color backlight with 3 intensity levels that enhances your desk in dim environments. The built-in LED lighting can be switched on or off as desired.

It also incorporates a minimalist and spill resistant design, offering lasting performance, approximately 10 million keystrokes.

Equipped with rubber pads to assure a stable position of the keyboard and avoid slipping.

Furthermore, NGS Sprite Kit includes Plug & Play function that permits connecting the device to the computer immediately through its USB connection.
