Highlights

Lasts up to 25 years

With a lifetime of up to 25,000 hours, this Philips LED bulb will ensure your desired atmosphere for up to 25 years.*

High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

Saving up to 80%
Providing the same incandescent look and feel, while saving energy at the same time.
